A person who acquires property that is contaminated (a “facility” pursuant to Section 20101(1)(l) of the Natural Resources and Environmental Protection Act (NREPA), 1994, P.A. 451, as amended) as a result of release(s) of a hazardous substance(s) may become liable for all costs of cleaning up the property and any other properties impacted by the release(s). Liability may be imposed upon the person acquiring the property even in the absence of any personal responsibility for, or knowledge of, the release. Protection from such liability may be obtained by conducting a Baseline Environmental Assessment (BEA) as provided for under Section 20126(1)(c) of NREPA. However, the BEA must be conducted prior to or within 45 days of the earliest date of purchase or occupancy of the property. Persons who acquire contaminated property may have “due care” obligations under Section 20107a of NREPA even if they conduct a BEA and are not liable for the contamination.

Pursuant to Part 201 of the NREPA, the person(s) responsible for an activity causing a release at the property is obligated to pursue response activities at the property. Consequently, the non-labile purchaser may be required to provide access to a liable party to conduct response activities at the property in the future.

Section 20116 of the NREPA requires that a person who has knowledge that their property is contaminated provide a written notice to the purchaser or other person to which the property is transferred which discloses the general nature and extent of the release. Additional disclosure obligations may also apply at the time the property, or an interest in the property, is transferred.

Accordingly, the Macomb County Treasurer recommends that a person who is interested in acquiring property contact an attorney or an environmental consultant for advice prior to the acquisition of any property that may be contaminated.

You may also contact the Department of Environmental Quality’s Environmental Assistance Center at 1-800-662-9278 for possible information regarding environmental concerns on any of these properties.

Purchasers are notified that Macomb County has REGULATIONS GOVERNING ON-SITE SEWAGE DISPOSAL AND ON-SITE WATER SUPPLY SYSTEM EVALUATION AND MAINTENANCE. The original, when recorded, will be mailed to the purchaser. It is the responsibility of purchasers to provide an address for the recorded deed to be mailed to and to pay recording fees at the time the bid amount is paid.

13. UNPAID 2022 TAXES – 2022 taxes are unpaid and will be the sole responsibility of the purchaser without any proration to the seller and the taxes due at the time of sale must be paid within 21 days of the sale.

The bidder must pay the taxes going forward on properties purchased.
